User Guide For Webex Attendees in OECC 2021

Part 1. PC/Mac users

Note: Please use the following browsers for a better experience.

- Chrome – Windows / Mac OS
- Firefox – Windows / Mac OS
- Edge – Windows
- Safari – Mac OS

1. Find the session you are interested in the Whova system agenda (https://whova.com/portal/oecc_202107/?source=btn_link) and click “View Session”.

2. Click “Join the live stream here”.

3. Click “Join from your browser”. This link may show around 10 seconds later. If there are some pop-up, click “cancel”.

"Towards 6G Optical Wireless Communications: How LiFi Future-Proofs Wireless Communications"

Sat. Jul 3, 2021  8:30 AM - 8:55 AM  Room 1  38 Attending  0 Questions

Add to My Agenda  Like session

Join the live stream here
4. Enter your Name and Email Address, then click “Next”.

5. Webex needs some privileges, click “Allow”.

6. Select “Use computer audio”, and keep you muted and stop the video, then click “Join meeting”.
7. Now you can view the live streaming. You can switch the layout on the top right of the page.

8. If you have any questions, type and send it on the “Chat” panel.
9. If you want to communicate with the speaker, you can “Raise Hand” and our host will unmute you.

10. If you want to switch to another session, click “Leave Meeting”, and then go back to the Whova page and return to the step 1.
Part 2. iPhone Users

Note: Please download the “Whova” app and “Cisco Webex Meetings” app from the app store.

1. Select the session you are interested in the whova system.
2. Select “Live Stream”.
3. Click “Open” and the Webex will start.

4. If this is the first time you use Webex, you will go to the following steps. If you have ever used Webex, you can go straight to step 5.
   1) Accept the Terms of Service and Privacy Statement.
   2) Enter your Name and Email Address and then click “OK”.
   3) Accept the privileges and skip the wizard.
5. Select “Use Internet for audio” and then click “Join”.
6. Now you can view the live streaming. You can use the horizontal screen of your mobile phone to get a better viewing experience.
7. If you have any questions, type and send it on the “Chat” panel. Or you can “Raise Hand” and our host will unmute you.
8. If you want to switch to another session, click “Leave Meeting”, and then go back to the Whova page.
9. Click “Done” and then return to the step 1.
Part 3. Android Users

Note: Please download the “Cisco Webex Meetings” app via the QR code.

1. Select the session you are interested in the whova system.
2. Collect “Join the live stream here”.
3. Click “Join meeting” and then click “Open”. Then click “Allow” to start Webex. This step may be different depending on the browser.
4. If this is the first time you use Webex, you will go to the following steps. If you have ever used Webex, you can go straight to step 5.
   1) Accept the Terms of Service and Privacy Statement.
   2) Enter your Name and Email Address and then click “OK”.
5. Select “Use Internet for audio” and then click “Join”.
6. Accept the privileges and skip the wizard.
7. Now you can view the live streaming. You can use the horizontal screen of your mobile phone to get a better viewing experience.
8. If you have any questions, type and send it on the “Chat” panel. If you want to communicate with the speaker, you can type it on the chat and our host will unmute you.
9. If you want to switch to another session, click “Leave Meeting”, and then go back to the Whova page and return to the step 1.
